## The Boron Consortium - the REACH consortium for BORON

An initiative of the European steel industry

24 March 2013

### SIEF Facilitation

The REACH Boron Consortium is acting on behalf of ArcelorMittal, the Lead Registrant for Boron and PCC Rokita SA, the Lead Registrant for Phosphorus.

### Boron Consortium contacts:

**Chris Barrington**  
Secretariat

Email:  
[sief@boron-consortium.org](mailto:sief@boron-consortium.org)

Tel:  
+ 44 (0) 1276 686279

[www.boron-consortium.org](http://www.boron-consortium.org)

### Substance Portfolio

As well as dealing with the REACH registration of Boron, the REACH Boron Consortium is also dealing with the full registration of Phosphorus as a component of a mixture [alloy].

### Substances: Boron and Phosphorus

Attention: Members of the SIEF's for Boron [EC number 231-151-2] and Phosphorus [EC number 231-768-7]

### Letters of Access to the REACH dossiers for Boron and Phosphorus

We are pleased to advise that details of our Letters of Access to the Boron and Phosphorus dossiers are now available on the [Letters of Access page](#) of our website.

Letter of Access agreements, the fee structure, tonnage guidance and LOA application forms can be downloaded from this page.

Lead Registrants are working towards submission of their dossiers by the end of April 2013 so that co-registrants needing to do so this year will have sufficient time to submit their dossiers by the deadline of May 30th.

Please note that ECHA will issue a new scale of registration fees - the draft regulation can be found on the [REACH Documents page](#) of our website.

We will very shortly be posting guidance on completion of sections 1 and 3 of the IUCLID dossier on their [Guidance page](#) of our website. There are various other guidance documents on joining the Joint Submission, creating and exporting IUCLID dossiers, etc.

If you intend to apply for a Letter of Access to either the Boron or the Phosphorus dossiers, please do so in good time - note that the tokens to join the Joint Submissions will not be issued until payment has been received in full. Our goal is to issue tokens within 10 working days of receipt of payment.

If you have any questions, please feel free to contact us via the [Contact Form](#) on our website.

## REACH registration for specified BORON substances

Boron Consortium, Papillon, Springfield Road, Camberley GU15 1AB, UK
