The Boron Consortium - the REACH consortium for BORON

An initiative of the European steel industry

7 May 2013

SIEF Facilitation

The REACH Boron Consortium is acting on behalf of ArcelorMittal, the Lead Registrant for Boron and PCC Rokita SA, the Lead Registrant for Phosphorus.

Boron Consortium contacts:

Substance Portfolio

As well as dealing with the REACH registration of Boron, the REACH Boron Consortium is also dealing with the full registration of Phosphorus as a component of a mixture [alloy].

Substance: Phosphorus (Einecs number 231-768-7, CAS number 7723-14-0)

Attention: Members of the SIEF for Phosphorus

New phosphorus uses document

Please note that an updated technological process and uses document has been added to the [Phosphorus documents page](#) in the SIEF members area of our website.

Submission of Lead Registrant dossier

The Lead Registrant plans to submit its updated Phosphorus dossier by May 10th 2013, meaning that co-registrants will be able to submit their dossiers during the balance of May 2013.

Co-registrants should be sure to use the "dossier quality check" assistant (part of the TCC plug-in) before finally submitting their dossiers.

REACH registration for specified BORON substances

Boron Consortium, Papillon, Springfield Road, Camberley GU15 1AB, UK
