www.boron-consortium.org

Substance: Boron

Attention: pre-registrants for Boron [Einecs number 231-151-2, CAS number 7440-42-8]:

Further to our email of December 27th 2010, thanks to those who have completed our online questionnaire. We have extended the survey to end February and would urge those that have not yet completed it to do so - the better the information that we have, the easier the job will be.

Should you not have received our earlier email, please let us know and we will send it to you. The link to the questionnaire is:
